They served their country—they deserve equal access to justice at home

Our passion for justice will protect service-members' right to the basic necessities of life as guaranteed by law:

- Veterans suffering from Post-Traumatic Stress Disorder and Traumatic Brain Injuries
- Veterans unfairly denied benefits from the Department of Veterans' Affairs
- Veterans and their families facing foreclosure
- Veterans taken advantage of by predatory lenders

LSHV thanks Pat Lanza and the Lanza Family Foundation for their generous support of the Veterans and Military Families Advocacy Project.

Legal Services of the Hudson Valley

LSHV is comprised of a group of experienced and dedicated staff attorneys and volunteer lawyers who are passionate advocates for our credo—Protecting Rights, Promoting Justice. Legal Services of the Hudson Valley has been able to provide free legal assistance to nearly 150,000 clients since it was founded in 1967. With offices in White Plains, Yonkers, Mount Vernon, Newburgh, Kingston, and Poughkeepsie the 50-member legal staff plus our volunteer attorneys serve approximately 13,000 clients each year.

Veterans and Military Families Advocacy Project

Recognizing that veterans, especially women and those who have recently returned from duty, face a unique set of legal problems, the Veterans and Military Families Project was formed. The goal of the Project is to provide free legal advice and direct representation to veterans in civil (non-criminal) legal matters. Together with our partners, we are part of a comprehensive network of providers who address the unique challenges that veterans face and ensure that we can provide prompt and appropriate referrals for non-legal matters. LSHV is constantly seeking to expand the network to provide the best services to our veterans.

LSHV provides free legal representation to veterans in the following areas:

VA Benefits

Provide assistance with applying for Veterans Benefits and representation before the Board of Veterans Appeals and in federal court when benefits are denied.

Housing

We seek to avert homelessness and secure tenants' rights through representation in unlawful evictions and foreclosure cases.

Consumer Affairs

Protect income and benefits from abusive debt collection practices and consumer fraud; help veterans reduce debt and avoid bankruptcy.

Social Security and SSI Disability Claims

We represent veterans in filing for disability claims and assist in appealing the termination or denial of federal benefits.

Elder Law

We provide a broad range of advocacy and representation to elderly veteran clients in practice areas including housing, benefits, Medicaid, future planning, and home care cases.

Domestic Violence

Help veteran and military family domestic violence survivors obtain orders of protection and assist with related legal issues such as child custody, visitation, and child support.

Public Benefits

Provide assistance to veterans wrongly denied or terminated from public assistance programs such as food stamps, unemployment insurance, Medicaid and cash assistance.

Our Comprehensive Referral Network

In addition to civil legal services, we have an ever expanding network of service providers dedicated to meeting the needs of veterans and military families. Through our referral network, veterans can receive a broad range of services including but not limited to: counseling and advocacy for veterans and their families affected by PTSD and Traumatic Brain Injury, shelter, transitional housing, employment assistance, healthcare benefits, benefits case management, counseling for survivors of Military Sexual Trauma and domestic violence, child care resources, addiction and substance abuse counseling, and much more.
